

Frequency Coordination Exhibit
Broadcast Sports, Inc.
Special Temporary Authority Application
File No. 0270-EX-ST-2006
STA Confirmation No. EL811892

The applicant, Broadcast Sports, Inc., has ascertained all users in the subject bands 2111-2127 MHz and 2180-2200 MHz in the vicinity of the Indianapolis Motor Speedway and is in the process of contacting each to obtain approval for the proposed short term, temporary operation. Should any licensee not consent to the proposed use or if a licensee cannot be contacted, that portion of the band licensed to that licensee will not be used. Should any interference be reported to applicant, that portion of the subject band will not be used further unless and until any and all interference is resolved to the satisfaction of the complaining licensee.
