

Exhibit - TV Channel Study
Broadcast Sports, Inc.
Special Temporary Authority
File No. 0276-EX-ST-2008
STA Confirmation No. EL185985

The applicant has commissioned a study of television Broadcast channel occupancy in the frequency range 470-476 MHz (Ch 14) within 100 miles of Elmont, NY. The nearest television stations to the event site are listed below.

Due to the low power operation of BSI at each event no interference is anticipated. Should any interference be reported however, applicant will cease use of said bands immediately until remedied.
