I have talked to Bob and we can live with this setup. As I understand it, 1490 is a wash. The others (S band) can be deconflicted daily with his office. If all concur, slap a coordination number on it and send back to me. Appreciate the help..
Wayne

N 088082 is freq 1490 which is the SLAMER that I have an assignment. I have been working with the exercise controllers to see if we can deconflict it for you. We found that we have 3 events planned for the time period on the 2 -4 Aug. I have the actual event times but they are local in the daytime at approx 0930-1330. I can not reschedule the airplanes and or the events this late.

The other issue that we have is with 2365.0/2375.0/2385.0 in that I have an EA Pod and equipment that we would need real time Deconfliction in order to support. We have done time Deconfliction to support this type of operation in the past. That means we can provide support to each other through effective communications in order to support each others specific mission times.

POC for our location is for specific daily Deconfliction is Mr. Rob Lipman at 775-426-3778 and my cell is 775-294-2048 and or LCDR Fey at 775-426-3932.

v/r
Rob

Subject: AFTRCC ICN 1323-11/xxxx (BSI STA/PGA Event-Reno, NV)

AFTRCC concurs with and requests DOD AFC Nellis concurrence/coordination on the following FCC STA request:

Applicant:

Broadcast Sports Inc.

7455 Race Road

Hanover, MD 21076

POC: David Musil (410) 564-2600

Frequencies: (all MHz) 1440.0/1450.0/1460.0/1470.0/1480.0/1500.0/
1510.0/1520.0/2365.0/2375.0/2385.0

Station Class: MOEC

Emission: 10M0D7W

Power: .250 watts (250 mW)

Location: Reno, NV (39-21-56N 119-49-47W)

MIRAD: 5 miles

Dates: 2011-08-01 thru 2011-08-07 (intermittent usage)

AFTRCC comments: Ground based transmission only; non-interference basis to Flight Test telemetry. Daily coordination for S band frequencies (2365/75/85) is required. Point of contact for this coordination is Mr Rob Lipman (775-426-3778 or (cellular) 775-294-2048 or LCDR Fey (775-426-3932). Failure to comply with local coordination will result in coordination being cancelled.

Please reply via return email as to concurrence, non-concurrence, scheduling requirements, or

comments.

This email is your AFTRCC coordination.

This coordination includes this header information, DOD Area Frequency Coordinator comments and AFTRCC comments. These messages must not be separated.

This coordination is advisory only and not binding on the FCC.

Applicants are advised that this coordination does not constitute a judgment that a frequency(ies) is best suited for the applicant's purpose nor that the frequency(ies) is exclusive to the applicant.

Flight Test frequencies are shared and may require scheduling with other users.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, agents, members, and representatives from any claims, losses, or expenses that may arise from the use of the frequency.

This coordination is not an authorization to transmit. A copy of this coordination must accompany application to the FCC.
