~~~~~  
This e-mail is your AFTRCC coordination.

The coordination includes this header information, DoD Area Frequency Coordinator comments, and AFTRCC comments. These three messages must not be separated.

This recommendation is advisory only and not binding on the FCC. Applicants are advised that this coordination does not constitute a judgement that a recommended frequency is best suited to the applicant's purpose nor that the frequency is exclusive to the applicant. Flight Test frequencies are shared and may be subject to scheduling with other agencies.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, members, agents and representatives from any claims, losses or expenses which may arise as a result of the applicant's use of these frequencies.

A copy of this coordination must accompany your application to the FCC.

~~~~~  
This e-mail is your AFTRCC coordination.

The coordination includes this header information, DoD Area Frequency Coordinator comments, and AFTRCC comments. These three messages must not be separated.

This recommendation is advisory only and not binding on the FCC. Applicants are advised that this coordination does not constitute a judgement that a recommended frequency is best suited to the applicant's purpose nor that the frequency is exclusive to the applicant. Flight Test frequencies are shared and may be subject to scheduling with other agencies.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, members, agents and representatives from any claims, losses or expenses which may arise as a result of the applicant's use of these frequencies.

A copy of this coordination must accompany your application to the FCC.

To: Army Frequency Management Office, Continental US

AFTRCC concurs and requests coordination
of the 1435-1525 MHz band and the
2360-2390 MHz band for a
Special Temporary Authority (STA)
on a non-interference basis as follows:

Usage: Portable Video transmission for Televised
coverage of a CBS Golf event:

Applicant:
Broadcast Sports Technology
1360 Blair Drive, Suite A, Odenton, MD 21113-1343
POC Peter Larsson (Tel) 410-672-3900
(Email) plarsson@wescam.com <<mailto:plarsson@bst.wescam.com>>

S-Band Frequencies: 2367 and 2384 MHz

L-Band Frequencies: 1443.5, 1460.5, 1477.5, 1494.5 and 1511.5 MHz

Emission: 17M0FXW Power: 1.5W

Class: MOEC

Area of operation: 1 MIRAD (1.6 kmRAD) of:
Houston, TX (29-54-34N / 095-16-07W)

Dates of operation: 4/23/2003 through 4/27/2003

AFTRCC recommendations: None.

Please comment via e-mail reply stating concurrence,
non-concurrence, scheduling requirements or recommendations.

## EXHIBIT B Continued

This e-mail is your AFTRCC coordination.

The coordination includes this header information, DoD Area Frequency Coordinator comments, and AFTRCC comments. These three messages must not be separated.

This recommendation is advisory only and not binding on the FCC. Applicants are advised that this coordination does not constitute a judgement that a recommended frequency is best suited to the applicant's purpose nor that the frequency is exclusive to the applicant. Flight Test frequencies are shared and may be subject to scheduling with other agencies.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, members, agents and representatives from any claims, losses or expenses which may arise as a result of the applicant's use of these frequencies.

A copy of this coordination must accompany your application to the FCC.

Subject: AFTRCC ICN 0061-03 (BST/Seniors Golf - Kansas City, MO)

To: Army Frequency Management Office, Continental US

AFTRCC concurs and requests coordination
of the 1435-1525 MHz band and the
2360-2390 MHz band for a
Special Temporary Authority (STA)
on a non-interference basis as follows:

Usage: Portable Video transmission for Televised
coverage of a Seniors Golf event:

Applicant:
Broadcast Sports Technology
1360 Blair Drive, Suite A, Odenton, MD 21113-1343
POC Peter Larsson (Tel) 410-672-3900
(Email) plarsson@wescam.com <<mailto:plarsson@bst.wescam.com>>

S-Band Frequencies: 2367 and 2384 MHz

L-Band Frequencies: 1443.5, 1460.5, 1477.5, 1494.5 and 1511.5 MHz

Emission: 17M0FXW Power: 1.5W

Class: MOEC

Area of operation: 1 MIRAD (1.6 kmRAD) of:
Kansas City, MO (39-16-18N / 094-38-55W)

Dates of operation: 5/14/2003 through 5/18/2003

AFTRCC recommendations: None.

Please comment via e-mail reply stating concurrence,
non-concurrence, scheduling requirements or recommendations.

~~~~~  
This e-mail is your AFTRCC coordination.

The coordination includes this header information, DoD Area Frequency Coordinator comments, and AFTRCC comments. These three messages must not be separated.

This recommendation is advisory only and not binding on the FCC. Applicants are advised that this coordination does not constitute a judgement that a recommended frequency is best suited to the applicant's purpose nor that the frequency is exclusive to the applicant. Flight Test frequencies are shared and may be subject to scheduling with other agencies.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, members, agents and representatives from any claims, losses or expenses which may arise as a result of the applicant's use of these frequencies.

A copy of this coordination must accompany your application to the FCC.

AFTRCC concurs and requests coordination
of the 1435-1525 MHz band and the
2360-2390 MHz band for a
Special Temporary Authority (STA)
on a non-interference basis as follows:

Usage: Portable Video transmission for Televised coverage of a CBS Golf
event:

Applicant:

Broadcast Sports Technology
1360 Blair Drive, Suite A, Odenton, MD 21113-1343
POC Peter Larsson (Tel) 410-672-3900
(Email) plarsson@wescam.com

<<mailto:plarsson@bst.wescam.com>>

S-Band Frequencies: 2367 and 2384 MHz

L-Band Frequencies: 1443.5, 1460.5, 1477.5, 1494.5 and 1511.5 MHz

Emission: 17M0FXW Power: 1.5W

Class: MOEC

Area of operation: 1 MIRAD (1.6 kmRAD) of:

Dublin, OH (40-08-41N / 083-09-08W)

Dates of operation: 5/28/2003 through 6/1/2003

AFTRCC recommendations: None.

Please comment via e-mail reply stating concurrence, non-concurrence,
scheduling requirements or recommendations.

~~~~~

This e-mail is your AFTRCC coordination.

The coordination includes this header information, DoD Area Frequency Coordinator comments, and AFTRCC comments. These three messages must not be separated.

This recommendation is advisory only and not binding on the FCC. Applicants are advised that this coordination does not constitute a judgement that a recommended frequency is best suited to the applicant's purpose nor that the frequency is exclusive to the applicant. Flight Test frequencies are shared and may be subject to scheduling with other agencies.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, members, agents and representatives from any claims, losses or expenses which may arise as a result of the applicant's use of these frequencies.

A copy of this coordination must accompany your application to the FCC.

~~~~~

This e-mail is your AFTRCC coordination.

The coordination includes this header information, DoD Area Frequency Coordinator comments, and AFTRCC comments. These three messages must not be separated.

This recommendation is advisory only and not binding on the FCC. Applicants are advised that this coordination does not constitute a judgement that a recommended frequency is best suited to the applicant's purpose nor that the frequency is exclusive to the applicant. Flight Test frequencies are shared and may be subject to scheduling with other agencies.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, members, agents and representatives from any claims, losses or expenses which may arise as a result of the applicant's use of these frequencies.

A copy of this coordination must accompany your application to the FCC.

~~~~~  
This e-mail is your AFTRCC coordination.

The coordination includes this header information, DoD Area Frequency Coordinator comments, and AFTRCC comments. These three messages must not be separated.

This recommendation is advisory only and not binding on the FCC. Applicants are advised that this coordination does not constitute a judgement that a recommended frequency is best suited to the applicant's purpose nor that the frequency is exclusive to the applicant. Flight Test frequencies are shared and may be subject to scheduling with other agencies.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, members, agents and representatives from any claims, losses or expenses which may arise as a result of the applicant's use of these frequencies.

A copy of this coordination must accompany your application to the FCC.

**Subject:** AFTRCC ICN 0047-03 (BST/Seniors Golf - Milton, FL)  
**Importance:** High

~~~~~  
This e-mail is your AFTRCC coordination.

The coordination includes this header information, DoD Area Frequency Coordinator comments, and AFTRCC comments. These three messages must not be separated.

This recommendation is advisory only and not binding on the FCC. Applicants are advised that this coordination does not constitute a judgement that a recommended frequency is best suited to the applicant's purpose nor that the frequency is exclusive to the applicant. Flight Test frequencies are shared and may be subject to scheduling with other agencies.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, members, agents and representatives from any claims, losses or expenses which may arise as a result of the applicant's use of these frequencies.

A copy of this coordination must accompany your application to the FCC.

Subject: AFTRCC ICN 0047-03 (BST/Seniors Golf - Milton, FL)  
Importance: High

To: DOD Gulf Area Frequency Coordinator

AFTRCC concurs and requests coordination  
of the 1435-1525 MHz band for a  
Special Temporary Authority (STA)  
on a non-interference basis as follows:

Usage: Portable Video transmission for Televised  
coverage of a Seniors Golf event:

Applicant:  
Broadcast Sports Technology  
1360 Blair Drive, Suite A, Odenton, MD 21113-1343  
POC: Peter Larsson (Tel) 410-672-3900  
(Email) [plarsson@wescam.com](mailto:plarsson@wescam.com) <<mailto:plarsson@bst.wescam.com>>

Site POC: Earl Freeman (Cell) 443-994-0339 (Email) [efreeman@wescam.com](mailto:efreeman@wescam.com)

L-Band Frequencies: 1443.5, 1460.5, 1477.5, 1494.5 and 1511.5 MHz

Emission: 17M0FXW Power: 1.5W

Class: MOEC

Area of operation: 1 MIRAD (1.6 kmRAD) of:  
Milton, FL (30-32-48N / 087-05-16W)

Dates of operation: 4/16/2003 through 4/20/2003

AFTRCC recommends the FCC add the following restriction(s) to the grant of this authorization:  
AFTRCC advises that Eglin Air Force Base Frequency Control and Analysis (FCA) Office will authorize the use of  
two frequencies at any one time from the list above. Each and every use must be coordinated one day prior, (i.e.  
call on April 15 for a planned operation on April 16). The FCA point of contact is Mr. Les Racine 850-882-5330.

Please comment via e-mail reply stating concurrence,  
non-concurrence, scheduling requirements or recommendations.

Signed by:  
Darryl J. Holtmeyer  
AFTRCC Frequency Advisory Committee  
Frequency Manager, AFTRCC Telemetry Coordinator
