Subject:

Application 0020-EX-PL-2006

Message:

Test Procedures to be carried out at Shared Spectrum Company, Vienna, VA, on behalf of BSEI, 1453 Beulah Road, Vienna, VA, 22182.

Test Procedures will be conducted on a PZRM-OSSO transmitter-receiver using a new modulation technology developed under a Department of Defense contract.

Test Procedures will be conducted over a range of 12 – 15 feet.

Test Procedures will address:

1. ☐ Bit error rate measurements at set E_b/N_0 and data rate.
2. ☐ Transmitted power measurements at set bit error rate and data rate.
3. ☐ Demonstration of video transmission.
4. ☐ Bandwidth of the transmissions will be monitored for the procedures 1, 2 and 3.
