

Applicant: Camgian Microsystems Corporation

File Number: 0008-EX-CM-2019

Correspondence Reference Number: 46073

The purpose of this modification is to add a new Camgian product development office location to the list of antenna test sites. Camgian recently opened a new office in Tuscaloosa, Alabama. Research and development of a battery operated radar system will continue at the Starkville, Mississippi headquarters, and Camgian would like to expand this testing to the new Tuscaloosa, Alabama locations.
