Subject: 0394-EX-ST-2019

---

Message:

Hello, I have added an attachment to STA application 0394-EX-ST-2019 describing the request. In the attachment I refer to 2 devices (PROWL and PROWLXR) that are currently licensed. This request is for operating these devices in a temporary location for a new experiment that Camgian has been asked to conduct. Please let me know if you need any additional information.
