Subject: Additional Information Request

Message:

Please address the following questions and information:

Please provide any flight heritage information for spacecraft using the STM32 microcontroller, both successes and failures (if any.)

1. Is the command and control module employed for this spacecraft the same as used in previous spacecraft missions, or is this using a custom module that utilizes the STM32?
3. Is the onboard computer being utilized for this mission the NanoAvionics model or will this be a custom configuration?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of September 16, 2020 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
