Dear Anthony Serafini;

I was in vacations and returned today.

Unfortunately your e-mail was blocked by our junk filter, so only today I was made aware of it.

We have our field survey for Monday and FAA representatives will be there with us, as well as Logan airport personnel.

If possible we would like to do the measurements still of Monday. Would it help if the FAA representatives call you on Monday?

Otherwise we will need to travel again after the license is issued.

Your help will be greatly appreciated.

Best Regards

Leonhard
