Subject: 0217 & 0258-EX-PL-2004

Importance: High

John,

Sorry about the delay, had to go back and double check my facts. Per our conversation, in all cases the power I had requested for the two applications are peak power, but was given in EIRP. For power in ERP, the values are as follows:

0258-EX-PL-2004

Antenna #1 = 71 pW ERP

Antenna #2 = 71 pW ERP

0217-EX-PL-2004

Greensboro Antenna #1 = 34.7 pW ERP

Orlando L1 Antenna #1 = 7.75 pW ERP

Orlando L2 Antenna #1 = 24.1 pW ERP

Orlando L1 Antenna #2 = 14.82 pW ERP

Orlando L2 Antenna #2 = 4.27 pW ERP

Thanks,

Danny Hankins
