FAA Coordination Status Update for Range & Blanking

0511-EX-ST-2006

Mike Bowers at FAA Central Region HQ called with Non-Government Temporary numbers for the test frequencies to conduct range and blanking tests. They are as follows:

- NG T060063 236.825 MHz
- NG T060067 338.225 MHz
- NG T060068 371.975 MHz

Very Respectfully,

Danny Hankins
