Experimental Radio Service
P.O. Box 358320
Pittsburgh, PA 15251-5320

To Whomever It May Concern,

Enclosed is an application for an experimental FCC license for Channel Master. Channel Master previously had an experimental license, Call Sign KI2XAX that was granted in 1994 and expired January 1st, 1996. Basically, we are requesting this same type license again to continue development of radios that operate between 17.9 and 18.6 GHz.

Please contact me at 919.989.2234 if there are any questions regarding this application. The \$45.00 application fee is enclosed. The FCC's Mr. Frank Wright advised me of the \$45 fee. Please mail the license to my attention at: Channel Master, 1315 Industrial Park Drive, Smithfield, NC 27577.

Many thanks for your help in this matter.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Glenn Martin'.

Glenn Martin
Sales Manager, Channel Master's MICRO-BEAM Division
