Message:

In response to the consent requirements contained in the September 19, 2018 correspondence from Mr. Ghaffari, undersigned counsel for the applicant, Circuit of the Americas, LLC is still waiting for confirmation with respect to the use of channels the band 161-163 MHz from Orbcomm License Corp. and with respect to use of channels in the band 156.0125 - 162.0375 MHz from Iridium Constellation LLC. those consents will be presented when received.

However, we are willing to remove from our STA application the band segments necessitating consents from either Spire Global or Planet Labs, Inc. as none of those segments listed in the September 19, 2018 Commission correspondence licensed to those entities are intended to be used at the Formula One Racing event at Circuit of the Americas during the STA period October 18-22. they can be excepted from the STA grant.

Thank you
