Special Conditions:

- (1) In lieu of frequency tolerance, the occupied bandwidth of the emission shall not extend beyond the band limits set forth above.
- (2) This authorization is issued for the express purpose of conducting experimental operations described in the related application and required by the U.S. Government, Contract Number FHWA 51-16. The use of this radio station in any other manner or for any other purpose will constitute a violation of the privileges herein authorized. Except as subsequently authorized by the Commission, this radio station shall not be operated after the expiration date of the contract designated in the related application and enumerated above.
- (3) The frequency band of 5855-5895 MHz shall be notched out.
The Commission adopted new rules in November 2020 for operations in the 5.9 GHz band.
Please see the link below for the 5.9 GHz band.
