STA experimental license

DATE: November 18, 2019
TO: To Whom It May Concern

This is to certify that:

City of Grass Valley deploys and/or manages radio frequency equipment.

The RF experimentation will be conducted by following a strict Test Plan defined and approved by City of Grass Valley in a controlled environment.

City of Grass Valley will have a Project Manager in place to specifically follow the Test Plan, track results, and publish test results.

For the above reasons, I believe City of Grass Valley meets the Eligibility criteria for a Special Temporary Authority experimental license as set forth in the Commission Rules.

Sincerely,

Bradford Kalstein
