Subject: Transfer of Control Application

Message:

Response to Behnam Ghaffari Correspondence of February 5, 2019

In addition to this Application, the following other applications have been filed with the Commission to transfer indirect control of Clarity Telecom, LLC dba Vast Broadband ("Licensee") and its FCC licenses and authorizations from PC III CTH Holdings, L.P. ("Transferor") to Python Intermediate II, LLC ("Transferee"):

Bureau Reviewing: Wireline Competition Bureau
Type of Application: Domestic Section 214 Transfer of Control
Docket/File Number: WC Docket No. 19-16

Bureau Reviewing: International Bureau
Type of Application: International Section 214 Transfer of Control
Docket/File Number: IB File No. ITC-T/C-20190128-0003

Bureau Reviewing: Wireless Bureau
Type of Application: Form 603 Transfer of Control
Docket/File Number: ULS File No. 0008493139

Each of these applications was filed on January 28, 2019. The instant Application and the applications described above are the only transfer of control applications that are pending or will be filed with the Commission related to the proposed transfer of control of Licensee to Transferee.

Prior to the closing of the Python Transaction (as defined in the Application), however, Licensee proposes to complete the acquisition of NTS, Inc. (the "NTS Transaction"), which has subsidiaries that hold certain FCC licenses and authorizations. The following applications are associated with the proposed indirect transfer of control of NTS's subsidiaries to Transferee assuming closing of the NTS Transaction:

Bureau Reviewing: Wireline Competition Bureau
Type of Application: Domestic Section 214 Transfer of Control
Docket/File Number: WC Docket No. 19-16

Bureau Reviewing: International Bureau
Type of Application: International Section 214 Transfer of Control
