MEMORANDUM

TO: WHOM IT MAY CONCERN: 
FROM: Stephen K. Cox
Professor and Department Head
SUBJECT: Application for experimental license
File #1154-EX-PL-89

The attached application for renewal of an experimental license is in support of an educational and research use of a wind profiling system. This system has been operated successfully during the past eleven months without adversely affecting other users in this frequency band. In light of the critically important educational and research applications, I respectfully request permission to continue operation of this equipment.
