Good afternoon, Mr. Trevino,

Further to my voice message, below please find the e-mail coordination request that we submitted to the Army Frequency Management Office.  
Thank you.

Best regards,  
McLean

Dear Mr. Sanchez,

Per our conversation yesterday regarding the FCC's requirement that we coordinate with the Army Frequency Management Office, attached please find copies of Comcast's experimental application and the narrative description of the proposed experiment. In the event you may find it useful, I have also attached a screenshot of the FCC's note related to the experimental application, as well as two letters that were submitted in connection with the application -- one from XM Radio supporting Comcast's proposed experiment, and a letter from Comcast in response. Should you need any further information, please do not hesitate to contact me at any time. Thank you in advance for your attention to this coordination request.

Best regards,  
McLean
