

May 2, 2014

To Whom it May Concern,

Commuter Air Technology submits this as supporting documentation for file number 0322-EX-PL-2014. This Experimental FCC License is for the testing of military geographic location equipment. Upon the approval of these FCC licenses, Commuter Air Technology will establish a test environment for Government customers.

If you have any questions regarding this request please contact Kyle Cartheuser at kyle.cartheuser@commuterair.com 405.792.7663.

Respectfully,

Kyle Cartheuser
