Federal Communications Commission
Experimental Radio Service
P.O. Box 358320
Pittsburgh, PA 15251-5320

To Whom It May Concern:

COMSAT Mobile Communications provides satellite communications services to ships and land transportable units virtually anywhere in the world through earth stations in Connecticut, California, Turkey and Malaysia.

COMSAT Mobile Communications has an operational testing facility room set up at our facilities in Clarksburg, Maryland. This room is to test various services COMSAT provides to current or potential customers. One of these services is Standard-M. These units will be installed at Clarksburg and used for testing purposes.
