Subject: 0079-EX-CR-2017 pre-coordination data request

Message:

Mr. Serafini:

This is to confirm Continental's understanding that - as we discussed - MAG coordination was being handled directly through the Commission. Please see below. BAE Systems assumes all is complete with respect to this coordination – please advise if any further action is required with MAG that would prevent final processing of this application.

Best regards,

Jeff Rummel
Attorney for Continental Automotive Systems, Inc.

Subject: RE: Continental Automotive Systems, Inc. - Request for MAG Coordination - WG2XQU - Pending File No. 0079-EX-CR-2017

John, Jeffrey

The ELS validations are new and need fine tuning. They probably are not needed for renewals and the text needs to be corrected to just provide the information needed. It does give applicants an opt out if not applicable “Please disregard this notification if you already uploaded the pre coordination document.”

Jeffrey, unless Mr. Whittington indicated he needs something, you can disregard.

Thanks
Tony
