

Reason For Request for Extension of STA 2127-EX-ST-2018

Revised Jan 31, 2020

We are requesting an extension because the existing STA runs only through November 2, 2019, but due to repeated slips, the launch date currently is expected No Earlier Than August 1, 2020.

We request a new STA with all parameters the same except the period of the license, which we request to be August 1, 2020, through January 31, 2021.
