

FCC Experimental License Application – Fee Exemption Letter (Government Entity)

Pursuant to 47 C.F.R. § 1.1116(f), The Oneida County Griffiss International Airport (RME) New York UAS Test Site qualifies as a governmental entity and is therefore exempt from FCC application fees.

The New York UAS Test Site is operated by the County of Oneida through its Department of Aviation at Griffiss International Airport (RME). The airport is owned and operated by, and is a recognized part of the County of Oneida, State of New York, a political subdivision of the State that was created by act of the New York State Legislature.

Oneida County Griffiss International Airport New York UAS Test Site is controlled by publicly elected and duly appointed public officials exercising sovereign direction and control over New York UAS Test Site programs, consistent with the definition of “governmental entity” in § 1.1116(f).

This letter is submitted in support of the experimental radio service application for the Oneida County Griffiss International Airport New York UAS Test Site’s SRC, Inc. LSTAR SRC-1494(V)2 AN/TPQ-49 radar.
