

**TRK 183733 (NG T180867) Summary**

| Attribute             | Record Parameter                       |
|-----------------------|----------------------------------------|
| Serial Number         | NG T180867                             |
| Frequency             | M1360.0000                             |
| City                  | ROME UAS TEST SITE                     |
| State                 | NY                                     |
| Transmitter Radius    | 2                                      |
| Transmitter Latitude  | 431337.00N                             |
| Transmitter Longitude | 0752423.00W                            |
| Antenna Height        | 0003                                   |
| Receiver Latitude     | 431337.00N                             |
| Receiver Longitude    | 0752423.00W                            |
| Service Type          |                                        |
| Equipment Type        | C,SYA<br>SRC1494(V)2,FA,PD<br>2/6/14.2 |
| Antenna Type          | DIPOLEARRY                             |
| Flight Level          |                                        |
| Runway Number         |                                        |
