---

Message:

Request for guidance on frequencies has been sent separate from this message. In the meantime, this request can be narrowed to the following bands:

415.00-420.00 Mhz and/or 435.00 to 438.00 Mhz.

As previously mentioned, have the hardware capability to tx/rx anywhere within 400-500 Mhz, and can adjust this requested as most appropriate.
