That's not going work. The main purposes of STAs are: 1) short period of time (Max 6-months), and 2) within limited geographical area. To operate nationwide, a regular experimental application (Form 442) would have to be filed. I would suggest for you to pick 2 or 3 states for your testing so we can continue with our coordination with NTIA.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of April 08, 2020 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
