

05/29/2019

To Whom It May Concern:

This is to certify that:

Dasher Technologies deploys and/or manages radio frequency equipment.

The RF experimentation will be conducted by following a strict Test Plan defined and approved by Dasher Technologies in a controlled environment.

Dasher Technologies will have a project Manager in place to specifically follow the Test Plan, track results, and publish test results.

Dasher Technologies has extensive RF experience and expertise deploying RF networks and has a number of RF engineers on permanent staff.

For the above reasons, I believe Dasher Technologies meets the eligibility criteria for a Special Temporary Authority Experimental license as set forth in the Commission Rules

Sincerely,

A handwritten signature in blue ink, appearing to read 'John Stephens', is written over a light blue horizontal line.

John Stephens

Solution Engineer
