Subject: Request for Info - File #0210-EX-PL-2009

Message:

I contacted Sydney Bradfield FAA Pacific Region Ph:310-725-3671, Cell 310-863-5097, Email Address Sydney.bradfield@faa.gov

I resent him all of the information including the email from the Southern region of the FAA, he called Michael Richmond FAA AJW-64 Ph:202-493-4157, he did the analysis and recommendation for the Southern region. I called Michael to verify that the contact was made. Michael sent me contacts with the spectrum people in the DOD offices and NTIA, I will be calling them and sending them information. Sydney said that he would call me on this Friday, he is at a training course Tuesday, Wed, and Thurs.

Hopefully I will receive a letter and authorization number from the Pacific region in the next few days.

Regards,
Steve Gordy PhD, PE
