Subject: Request for Info - File # 0494-EX-CN-2020

---

Message:

We do not need to operate within the SAS Band (3650-3700 MHz).

We are flexible to our operating center frequency within the range of 3500 to 4200 MHz for the Foxxcon radio, but need a 100 MHz channel.

For the other frequency allocation request (3300-3800 MHz), we only need a 40 MHz allocation, but again are flexible on operating frequency for the Benetel radio.
