Re: 0105-EX-ST-2001

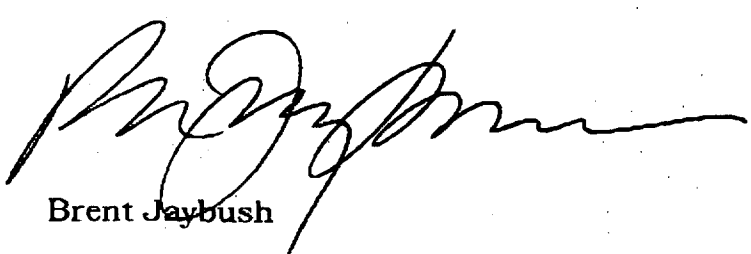

Dear Mr. Young:

After our telephone conversation, we found that several existing Part 90 licensed frequencies are available to us in Las Vegas for temporary use at the Las Vegas Convention Center later this month, with the written approval of the licensee. Therefore, we will adopt your suggestion to temporarily operate our non approved equipment for trade show demonstration purposes subject to the provisions of 47CFR2.803 on those frequencies.

Therefore we are withdrawing the captioned application for Special Temporary Authority. Thank you for your kind assistance and time saving suggestion.

Yours sincerely,

Digital Wireless Corporation
