

Exhibit 2

The application is being amended due to a change in availability for the test location.

The new location for the test is the National Automotive Test Site, near Reno, NV, at the new geographic coordinates specified in the application (39-18-12 N. Lat.; 119-21-20 W.Long.).

The proposed Start Date has been changed to: 11/25/2013, and End Date changed to 5/25/2014.

In addition, the elevation at the centerpoint has been changed to: 1295.4m

Finally, the distance from the centerpoint to the nearest aircraft landing area has been changed to: 14km.

No other changes are requested to the pending application.
