File No. 0369-EX-ST-2016

EXHIBIT

Purpose of Application

The instant Application for Special Temporary Authority (“Application”) seeks Commission consent for continuation of the transmissions currently authorized under File No. 1363-EX-ST-2015 (WI9XUB), which would be moved from the Merrimack Test Range to the Milford Antenna Test Range due to the closure of the former facility. Accordingly, DRS Advanced ISR, LLC’s (f/k/a DRS ICAS, LLC) (“DRS Advanced ISR”) intends to enlarge the transmissions’ Radius of Operation from 20 km to 30 km to accommodate operations at the new facility for the remaining duration of the STA. No other modifications of the transmissions’ technical specifications will occur.
