

Exhibit 1

In connection with this renewal application, the following is noted:

- Pursuant to 47 CFR 5.77(a)-(b), the licensee notifies the Commission of an update to the model numbers for the first two items of transmitting equipment listed in Exhibit 1, Section 3, to the original license application. The two new models of transmitting equipment are as follows:

SI-8649A/PF/S3B25S1T6A

SI-8649A/PF/S3B25S3T6A

The licensee understands that it may proceed at this time with operation of the facilities utilizing this new equipment because the following is true:

- The operating frequency will not more than the allowed tolerance;
- Emissions will not occur outside the currently authorized bands; and
- The ERP complies with the license and the regulations governing the same

Because the licensee desires to make this change a permanent part of the license, it will, pursuant to Section 5.77(b), it is separately filing an application to permanently modify the license to reflect usage of the new equipment

- This is also to confirm that the “stop buzzer” for operations at Germantown, MD is:
