Jimmy,

For some reason it did not print all of the attachment the first time I tried but you can use a PRR of 505. This approval will expire on 7/29/05. Let me know ,as soon as you can, if you need to extended this approval. Your coordination number will be NSO-05-012.

Jim,

The ground transmitter coordinates are listed in the attach document under Ground Transceiver Coordinates. I've added some additional information to this document. Do you still need the station class?

Also, due to urgency and the need to know, I have included additional names in the Cc block to keep them informed.

Jimmy

I need to know the coordinates where the ground transmitter will be located.

Request for Interrogation Rate

Mr. Burchfield,

Per our conversation on Friday, 01/14/05.

Attached is the information you requested to assign us an Interrogation rate for the AN/TPX-56 IFF Interrogator Set.

There are additional parameters such as the airborne receiver that I will forward you.

Jimmy Harris
