Message:

Dear Ms. Ann Chester-Jones:

Please clarify the need for a nationwide experimental license. Why can't new or modified license applications be made as the need arises as opposed to requesting a nationwide license?

Also, please report the current equipment manufactures, model numbers, quantities and if the devices are experimental. (A total quantity greater than 50 units requires a justification).

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of February 04, 2002 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
