FCC Experimental License application

EXHIBIT 2

(Pertinent to Sect 5(c) of FCC Form 442)

REQUESTED OPERATING LOCATIONS FOR MOBILE APPARATUS

Permission is sought to operate in the following locations.

1. 2 Old Garrett Court, White Hall, MD 21161 Latitude: 39.65132N
Longitude: 76.58139W

This is the location where engineering development will take place.

2. Patuxent Wildlife Refuge, Laurel MD
A location for preliminary field testing.

3. King Ranch, Kingsville TX
It is intended to conduct extensive testing at this location over several months, starting in February 2003. Kings Ranch covers 825,000 acres and at present, a more precise location cannot be provided.

Over the next 2 years, other opportunities may arise to test the apparatus at other locations, as yet unknown, in the Lower 48 States. The applicants request a means to apply for operating permission for new sites as the need arises.
