Subject:

FCC File # 0118-EX-ST-2004

---

Message:

To the Commission:

Our decision has been to continue this program of experimentation as part of this school and radio club's curriculum in communications arts. Request effective date of license covering STA to be July 2, 2004 and expiring two years thereafter. Further request continuation of STA in force pending review of this application. Please advise of any defect in the application prior to denying as we will happily consider any alternative to this application. We thank the Commission, in advance, for its consideration of this application.

Respectfully Submitted:

EAST ELEMENTARY SCHOOL RADIO CLUB; By:
