Re: EastWest Communications, Inc.;
Experimental Radio Service;
1 FCC Form 405 Requesting Renewal of
Station KA2XZE

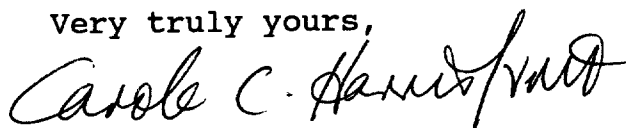

Gentlemen:

Submitted herewith on behalf of EastWest Communications, Inc. (EastWest), is a request for renewal of the above-captioned experimental license. Associated with this application is the FCC Form 155 and a check made payable to the Commission in the amount of \$35.00 to cover the filing fee.

We have enclosed a copy of the most current authorization for easy reference. EastWest would like to continue operating under this authorization for an additional 2 years. No particular date is set for use of the license until September-October, 1993 but we would appreciate renewal of the license to enable us to continue with the marketing strategies that will enable us to utilize the license later on this year and also to prevent any lapse in the license. Also, in accordance with the specified condition of its original authorization, EastWest is submitting its second progress report detailing all 1992 activities, if any.

We trust the Commission will find the application package to be in order for review and affirmative action. In the event that additional information is required, please do not hesitate to contact the undersigned.

Very truly yours,

Carole C. Harris
