NAME Echodyne Corp.

This Special Temporary Authorization is granted upon the express condition that it may be terminated by the Commission at any time without advance notice or hearing if in its discretion the need for such action arises. Nothing contained herein shall be construed as a finding by the Commission that the authority herein granted is or will be in the public interest beyond the express terms hereof.

This Special Temporary Authorization shall not vest in the grantee any right to operate the station nor any right in the use of the frequencies designated in the authorization beyond the term hereof, nor in any other manner than authorized herein. Neither the authorization nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This authorization is subject to the right of use of control the Government of the United States conferred by Section 706 of the Communications Act of 1934.

Special Temporary Authority is hereby granted to operate the apparatus described below:

Purpose Of Operation:

The purpose of the operations is to test the EchoGuard radar.

Special Conditions:

- (4) The stop buzzer for this project is Mo Swanson
Echodyne Corp.
Phone: (410) 812-6340
Email: mo@echodyne.com
- (5) Experimental station shall use the minimum power level necessary to establish communications links to minimize potential interference to licensed users.
- (6) The purpose is for demonstration only and is not meant for permanent installation. Maximum number of units will be 2.
- (7) Echodyne Corp must be aware that the frequency band 24.45-24.65 GHz is primary allocated for radionavigation purposes. Radiolocation operations such as perimeter defense, drone interdiction and counter-UAS are secondary. Any operations that would modify and/or expand this grant, to include radionavigation operations, must be reviewed by the FAA. The surveillance data produced by this proof-of-concept demonstration may not be sent to any ATC facility nor used to provide ATC with the location or direction of flight of any aircraft tracked by these systems.
