Mr. Kennedy,

ITT Force Protection Systems is heavily involved in work for the US Department of Defense as well as for other departments within the US government. As such, at any one time we are working on a number of US government projects running into the hundreds of million of dollars annually.

Here is a small sample of the contracts on which we are working.

US Navy N00024-07-C-6311, expires on 12/31/09  
US Navy N00019-04-C-0014, expires on 3/10

Please let me know if you require any additional information.

Best regards,  
Lyman Hays  
Manger Research and Development  
ITT Force Protection Systems  
805-373-3496

Mr. Lyman Hays,

What is the Government agency and contract number for which this experimental license is required (report all if more than one)?

John W. Kennedy  
Federal Communications Commission  
Experimental Licensing Branch  
(202) 418-2484
