

EXHIBIT No. 1

EDO Communications and Countermeasures Systems is working with General Dynamics Decision Systems, BAE and L-3 to design and develop electronic communications equipment for use by the United States Coast Guard as part of the National Distress Response Modernization Program.

EDO CCS is partnered with General Dynamics Decision Systems and BAE for the Rescue 21 project. For the Rescue 21 project, we are operating under contract number DTCG23-02-D-NDRS02.

EDO CCS is partnered with L-3 for the Deepwater project. For this project, we are operating under contract number DTCG23-02-C-ICGSLM.
