

04 March 2026

Dear Sir or Ma'am,

The following ELTA North America personnel are listed as the STOP BUZZER points of contact and shall adhere to requirements set forth in 47 CFR 5.308

A "Stop Buzzer" point of contact must be identified and available at all times during operation of each experiment conducted under a program license. A "stop buzzer" point of contact is a person who can address interference concerns and cease all transmissions immediately if interference occurs.

ELTA North America POC is:

Emmanuel Ihedinmah
Radar Systems Engineer
eihedinmah@elta-na.com
202.487.0830

Stephen Norman
Principle Engineer
snorman@elta-na.com
817.897.2055

Please advise any questions or concerns

Sincerely,

Dean Nohe
SR Director Business Development
