Dear Mr. Young:

Following up on our conversations with respect to the application filed on March 25, 1997 by EMS Technologies, Inc. for an experimental license, I am enclosing a copy of the letter of concurrence from Rex D. Miller of the Aerospace & Flight Test Radio Coordinating Council ("AFTRCC") concerning EMS' use of the 1429-1513 MHz frequencies. I believe this was the last item needed in order to grant the application. Please let me know, however, if there is anything further you need.

Of course, should you have any questions, please feel free to call.

Sincerely,

Marni J. Shapiro
Legal Assistant
