

REQUEST FOR SPACE SEGMENT TO BE USED WITH LAND-BASED SES TERMINALS

The Federal Communications Commission (FCC) requires Comsat World Systems Division to obtain authorization for providing space segment to be used in providing services via land-based ship earth station terminals. The FCC will authorize Comsat to provide space segment for such services only under certain conditions. The FCC will approve temporary limited use of such stations only where no other means of communications are available such as in the case of emergency situations resulting from disasters or where these terminals are the only adequate means of meeting urgent communications requirements in remote locations. In order to enable us to obtain FCC authorization, the following information is required.

Applicant: ENTERGY OPERATIONS INC.

Brief description of applicant's business: NUCLEAR POWER PLANT

Ultimate user of terminal: EMERGENCY RESPONSE PERSONNEL

Who will operate the terminal: EMERGENCY COORDINATOR

Where will the terminal be operated? ON PLANT SITE

Explain the services for which the terminal will be used and why no other means of communications are available: DISASTER RELIEF

What is the required time frame for use of the terminal for this service? immediate

Have you obtained authorization for the FCC (Commercial applicants) or NTIA (USG applicants) for ground segment use of the terminal? Please provide authorization date or date the authorization request was submitted. Applying for it, June 11, 1996 application date.
