

Ericsson Inc.
Experimental Radio Station License KF2XEF
File No. 5231-EX-RR-1998
Application For Renewal of Authorization

Exhibit 1

Ericsson Inc. ("Ericsson") is a manufacturer of telecommunications services and equipment. It has used this experimental authorization to conduct tests on a wide variety of wireless systems and products in the frequency bands specified. Because it is committed to making improving technology for wireless products and systems for service providers and consumers, it is necessary to continue to utilize an experimental authorization to conduct such tests. Accordingly, a grant of the instant application for renewal of license will serve the public interest, convenience and necessity.
