

FCC Form 442
Fairfield Industries, Inc.

Exhibit 1

This application seeks modification of Fairfield Industries, Inc.'s existing authorization so as to authorize a change of modulation from FM to AM. No other parameters are changed other than occupied bandwidth which increases slightly from 15 to 20 kHz.

A grant of this application will serve the public interest inasmuch as it will enable Fairfield to deploy equipment with improved efficiency.

FCC Form 442
Fairfield Industries, Inc.

Exhibit 2

The information requested in Item 10 is contained in File Nos. 0879-EX-ML-88, 1159-EX-ML-89 and 5187-EX-ML-96.
