RE: Experimental Application File No: 4479-EX-PL-94
Signature Date: October 19, 1994

Dear Mr. Diez Barroso:

The above referenced application has been pending with the FCC for a considerable period awaiting approval from the International Bureau of the FCC granting COMSAT authority to service the Inmarsat equipment listed in your application. To date we have been unable to obtain the necessary clearance, hence the delay in granting the license.

If you have received a letter issued to Comsat Mobile Communications, giving them permission to serve the Inmarsat equipment in your application, please send us a copy and we will resume processing your application. If you have not received such a letter, and the requirement for this operation still exists, please contact Comsat to obtain a copy of approval from the FCC to serve these terminal(s). In either case and in view of the long pendency of your application, please indicate to me in writing, whether or not you wish to continue to prosecute your application.

Please submit the requested information to the FCC, 2000 M St., N.W., Suite 230, Washington, D.C. 20554, Attn: OET/NTDD/ELB, MS 1300E1, Ms. Peggy Fowler. Failure to respond within 30 days will result in the dismissal of your application in accordance with Section 5.60(b) of the Commission's Rules.

Sincerely,

A handwritten signature in cursive script, reading "Paul L. Marrangoni".

Paul L. Marrangoni

Reference: Experimental Application File No: 4479-EX-PL-94
Signature Date: October 19, 1994

Dear Mr. Diez Barroso:

This is in reference to our letter dated March 12, 1997 and your response of March 26th requesting additional time to obtain needed information from Comsat Mobil Communications. To date, we have not received the information needed to grant your authorization. Please provide this information at your earliest convenience.

We will continue to hold the above application in a pending status for an additional ninety (90) days at which time in accordance with Section 5.60(b) of the Commission's Rules, the above referenced application will be dismissed without prejudice.

Sincerely,

A handwritten signature in cursive script, reading "Paul L. Marrangoni".

RE: Fernando Diez Barroso
Experimental Application File No. 4479-ER-PL-94

Dear Mr. Hernandez:

In response to your letter of August 5, 1997. Comsat Mobil Communications has advised you correctly. Since your device will be operating outside the U.S. you do not need an authorization from us.

If the device is moved at a later date and will operate within the jurisdiction of the United States it will require an authorization from Federal Communications Commission.

If we can be of service to you at a later date please feel free to contact us.

Sincerely,

A handwritten signature in cursive script, reading "Paul L. Marrangoni".

Paul L. Marrangoni
Chief, Experimental Licensing Branch
