To Whom It May Concern:

This is to certify that:

Fiber Interactive Technologies deploys and/or manages radio frequency equipment.

The RF experimentation will be conducted by following a strict Test Plan defined and approved by Fiber Interactive Technologies in a controlled environment.

Fiber Interactive Technologies will have a Project Manager in place to specifically follow the Test Plan, track results, and publish test results.

Fiber Interactive Technologies has extensive RF experience and expertise deploying RF networks and has a number of RF engineers on permanent staff.

For the above reasons, I believe Fiber Interactive Technologies meets the Eligibility criteria for an Special Temporary Authority experimental license as set forth in the Commission Rules.

Sincerely,

A handwritten signature in blue ink that reads "Chris Calvert". The signature is written in a cursive, flowing style.

Chris Calvert
