Subject:

Request for Info - File #0173-EX-PL-2006

---

Message:

Apparently I incorrectly entered the frequency & power data initially - somehow they did not appear in the initial online application. I have entered them now.

Please note: the system uses a phased array antenna to direct the energy on a packet-by-packet basis, and therefore will eventually operate under the point-to-point rules of 47CFR15.247.

thanks,

joe
