Re: Final Analysis, Inc., Experimental Radio Station Authorization
Call Sign WA2XHE (File No. 5582-EX-PL-97)

To Whom It May Concern:

Pursuant to Section 5.59(c) of the Commission's rules, Final Analysis, Inc., by its attorneys, hereby submits the enclosed application on FCC Form 405 for a two-year renewal of its above-referenced experimental radio station authorization. The instant authorization is for operation of a transmit-and-receive experimental satellite ground station located in Lanham, Maryland. As stated in detail in the attached application, renewal is necessary to allow the continued operation of the Lanham ground station for telemetry, tracking, and control of Final Analysis' experimental satellite FAISAT-2v, for an additional two-year period.

Included with this filing is a completed FCC Remittance Advice Form 159, and the appropriate fee payment of \$45.00 (Fee Code EAE) for renewal of experimental radio
